RE: Provider Webinar Training Opportunity

With reductions in SUD funded treatment services and community resources how can you possibly meet the needs of the clients you serve?

BPA would like to assist our providers and have prepared a webinar training titled:

"Bridging the Gap: What to do when the clients' needs conflict with access to services."

This webinar is designed to focus our attention on working with clients whose needs are greater than the available benefit plan. We will focus on the utilization of the available benefit, community resources and items to consider when attempting to meet the clients' needs.

Please plan on joining us in April for one of the following sessions. See below for session time, website address, entry code and conference phone number.

Thursday, April 14th 10:00 am – 11:00 am MST

Meeting URL
